The Floral Collection

## The Floral Collection

---

Sometimes it's hard to find the right words to say. This is why we've produced the Floral Collection to enable you to express what you cannot say with words. We desire that our flower arrangements should act as a source of comfort to the bereaved and represent a symbol of empathy during their time of reflection.

We have a wide range of flower types which have been categorised into four sections. We are aware that this is a sensitive time and if our trained staff can advise or help you please do not hesitate in contacting us.
